

South Florida CFI/DPE Forum

This seminar is designed to examine and enhance the quality of Flight Instructors in the South Florida area. We will do this by exploring recent incidents involving flight instruction and discussing options available to mitigate those risks.

Directions: See attached info sheet and map for directions to building 68C

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
